What if I am unable to attend in person? Can I still interview with these candidates virtually?

SAPC was created to provide an in-person experience to candidates and employers. We will not be offering a virtual component during this conference.

What can I expect during the reception?

The reception is a time for candidates and employers to get to know one another in an informal setting. Expect to mix and mingle with different candidates and employers during this time.

Will I be able to have a worktable?

Due to the limited number of tables, we encourage employers to have all tables be active interview tables. Certainly, between interviews you may do work but should not be a dedicated worktable. Additional workspace is available for you if you need it.

Is there a cost to attend the reception?

No, there is no additional cost for the reception.

Is there a place where we can schedule an interview with a candidate?

SAPC does not have a scheduling system, and employers can communicate directly with the candidates to schedule an interview time. Instead of being able to see the candidate's schedule employers can consider sharing their schedule with chosen candidates to select a time to interview.

Is there a limit to how many people from my campus that can come to interview?

No, but at this time you will be limited to the number of tables purchased. You will be able to rotate who does the interviewing at the table to provide breaks for the interview team.

How do I view candidate resumes?

Upon registration and payment, the hiring contact will receive a link with candidate resumes. Candidate registration opens on October 21, 2026.
